

"The Adelaide Crows training session was instrumental in National Foods building a strong relationship with our key customers. Our clients were ecstatic with the session, and impressed by how close they could get to the Crows inner sanctum."

*John Cotter - Business Manager Sponsorships,
Sales Development, National Foods*

CORPORATE TRAINING SESSIONS 2008

You, your staff and clients have the opportunity to pull on the boots and participate in a simulated Club training session, right down to wearing the actual playing jumpers of the team. Premiership hero and Adelaide Football Club legend Darren Jarman will put you through your paces as coach with a current Crows player heading up a guided tour of the training facility, before rejoining Darren who will pass on some tips.

Once you have pulled on an authentic player's jumper, you will participate in a team meeting, a warm up in the blue room and then the main training session on Max Basheer Reserve. A full warm down is accompanied with the suitable energy replacement foods then it's off to the showers before hearing from a member of the Club's senior management team.

The sessions are designed to provide an insight into the operation of the Club's football department including all medical, training, skills, tactical and treatment areas.

Sessions are limited so call our Corporate Sales team on 8440 6666 to find out more information.

CROWS SHED HIRE 2008

The Adelaide Football Club has one of the most unique and sought after pre and post-match members' facility in the AFL. This is your chance to use this fantastic venue 'The Shed' to host an event of your very own.

The Shed has already hosted many different kinds of events including Blue Light Discos, the Motor Traders Trade Show, the Science outside the square expo, Fellini's 'Search for a Star' competition and the Bunnings Expo.

The venue itself is just over 3,500 sq metres in size with 1500 chairs and 100 tables available for use, three bars, toilet facilities and excellent car parking.

Mid week functions are the most obtainable and all functions must take place between the hours of 8am and 11pm.

Shed hire per day is \$4,500 (including GST)
