AFLW CONFERENCES EXPLAINED

CONFERENCE A

CONFERENCE B

- Conference allocation uses the 2019 final finishing positions.
- Snaking allocation applied – this method creates the most even balance of wins from the previous season across conferences.
- Expansion teams allocated to minimise travel for QLD and WA teams (Gold Coast SUNS and West Coast Eagles) and based on an assessment of the strength of the expansion lists.
- Teams play all other teams in their own conference and two teams from the opposite conference.
- Cross-conference determined by playing one top four and one bottom four team from the opposite conference, whereby the fourth-ranked team are considered to be in the top four and the bottom four.

FOUR NEW TEAMS
